

MODULAR PALLET BOX

CHARACTERISTIC

A box pallet is a structure consisting of a 1200x800 or 600x800 pallet, collars, up to maximum of 4 pieces, and a lid. The advantage of this solution is that the size of the container can be adapted to current logistical needs and less space is required for transporting and storing empties

SPM-1208

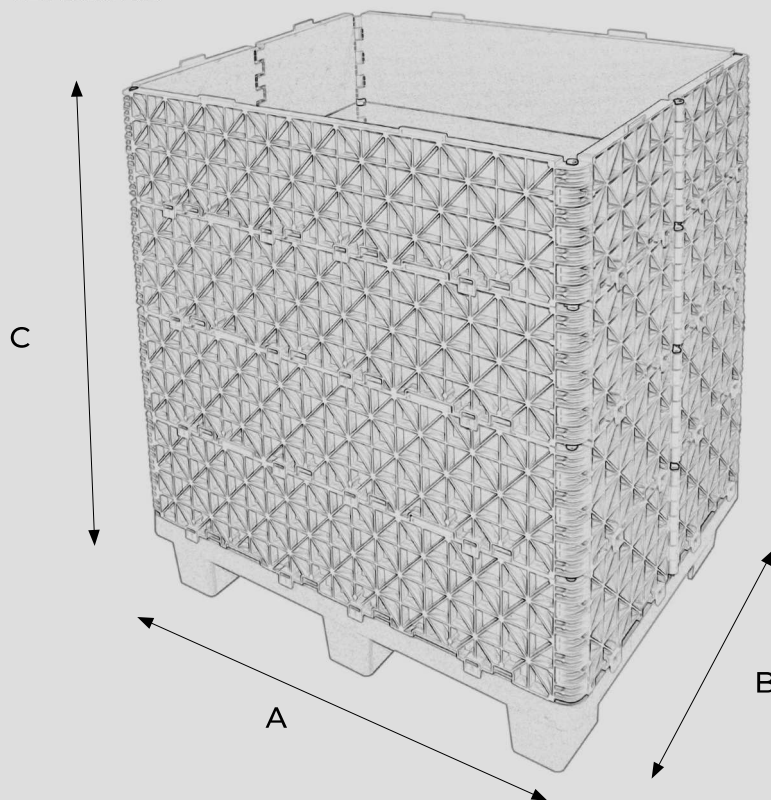

SPM-0806

- cover / without cover
